12.3-inch center display

The large free-standing, centrally positioned 12.3-inch high-definition touchscreen display gives you an instant overview and control of driver information, navigation, entertainment, climate, in-car apps, phone, park assist cameras and other support functions. The driver monitor section at the center display's upper part gives clear, instant driving critical information such as speed, actual road signs, real-time surround views and navigation guidance while allowing you to focus on the road.

19" 5-spoke Aero
